I am pleased with the progress which has been made by the Lochee Community Planning Partnership during its short lifetime. I am particularly pleased at how well we responded to challenges of preparing the bid for the Town Centre Regeneration Fund that is now transforming Lochee High Street. I am confident that this strong sense of partnership working will carry us forward together as we tackle other major issues affecting the area.

Ged Bell (Chair)

FUTURE PRIORITIES

- Continuing the physical regeneration of Central Lochee including the High Street
- Uplifting and improving open spaces where possible
- Tackling problems of drug misuse and antisocial behaviour
- Reducing health inequalities and promoting health improvement
- Providing more opportunities for young people
- Improving access to community recreation and learning
- Improving road safety across the area
- Supporting the involvement of local residents in decisions about the future of Lochee

WHAT YOU SAID

People are not consulted enough about key decisions affecting the community

WHAT’S BEEN DONE

- Provide funding for discretionary activities to keep young people out of trouble in the evenings and weekends
- Operation Dry up actively targets underage drinkers on Friday evenings
- Promoted use of range of legal remedies provided by Partners to tackle noise and neighbour nuisance

The Lochee Partnership has produced a Community Engagement plan to ensure local people are involved in decision making.

The Lochee Physical Regeneration Masterplan was subject to extensive community consultation before approval.

Working together to make Dundee a better place

February 2010
Lochee Community Planning Partnership is the body responsible for delivering local community planning to the Coldside Ward. Our membership consists of the four elected members who represent the Coldside Ward:
- Dundee City Council Departments
- NHS Tayside
- Tayside Police
- Tayside Fire and Rescue
- Community Representatives

The Partnership is chaired by Ged Bell, Head of Information Technology, Dundee City Council.

Dates, times and venues of Partnership meetings can be found at: www.dundeepartnership.co.uk

WHO ARE WE?

The Local Community Plan aims to improve the quality of life for people living locally by making services, projects and initiatives more responsive. It focuses on six themes:

- BUILDING STRONGER COMMUNITIES
- ENVIRONMENT
- HEALTH & CARE
- LIFELONG LEARNING
- WORK & ENTERPRISE
- COMMUNITY SAFETY
